

# International Association of Bomb Technicians & Investigators: World (Region VII) K9 TRAC

Canadian Forces Base Gagetown  
Fredericton, NB

November 12-14, 2010

A Combined World (Region VII), Canadian Chapter  
EOD & K9 TRAC

## IABTI K9 Trac Training & Testing: Explosives

- In class training seminar on K9 EDD topics. Dr. Paul McNamara DVM DACVS comes to Canada for a second year covering topics from K9 EDD/working dog health, first aid, toxins and Q&A panel. He will be joined by other speakers covering chemistry, K9 news from the front lines of Afghanistan and Colombia, and latest advances in K9 nutrition, both commercial and raw food perspectives. Pending peroxides/K9 talk. In class seminars terminate with written test and certificate of completion.
- Field training day WITH K9 to cover large volume military and possible industrial/commercial explosives ending with a NORT style test and certificate of completion.
